### Evaluation Group Biography

#### **ANILA CELA**

I am twenty-three and I come from Albania . I am intelligent, friendly, and I have a strong personality. My first impression of the camp was that it was a good one. I've come here to learn more about human rights, have exchange experiences and, of course, to enjoy the time spent here. I think peace is something that we should all try to achieve.

#### **KAROLINA SJÖLUND**

I am twenty-one and I'm from Finland . Three words that describe me are: confused, green and single. My first impression of the camp was confusion. I hope I'll improve my English here and meet new people, and also hear what they think about my country and culture. For me, peace is something that has to exist – everyone should have food, water and peace. I hope that it won't be a question mark one day, but exclamation one!

#### **MARTIN DZUTESKI**

I am seventeen and I come from Macedonia . I can't really think of three words that would describe me. My first impression of this camp can fit into one word: beautiful! I expect to meet many new people here. I think peace is communication with people without conflict.

### **MILKA VUKOBRATOVIC**

I am a funny, sleepy and smart eighteen-year-old from Serbia . I expect this camp to provide me with an adventure. When I got here, I thought it was too clean! I think of peace as a way of life.

### **STEFAN – CIPRIAN AIONESCI**

I come from Romania . I am twenty-three and I must admit it's hard to think of three words to describe myself. I love this camp – actually, not only the camp, I love this country! I hope I will make new friends and have a real adventure. When I hear the word 'peace', I think of a harmony.

### **MIRA NJENJIC**

I am twenty and I come from Bosnia and Herzegovina . I am persistent, stubborn and smile all the time. When I got here, I first noticed the camp was better than I've expected, the food is great, and people are so laid-back. I've come here to have a good time and make new friends.

### **SVETOZAR DASKALOV**

I am twenty-one, and I am from Bulgaria . I am a peaceful, happy workaholic. I've come here to learn more about countries that are represented here – especially my neighbouring countries. When I came here, the first thing I noticed was the beautiful nature. I think of peace as a life without conflict.
