”Media, War and Peace”

Panel discussion | Panelsamtal

Tuesday 27 September 2022, 16-17 hrs

Ålands kulturhistoriska museum

How is war presented and analysed in media, in Finland and globally? What kind of images of war are dominant? Is reporting about wars today enough nuanced and correct? In what ways have social media changed war reporting? Do information flows today contribute to aggravating conflicts? What is war propaganda? What can a reader or information consumer do to get best possible information? What is peace journalism? What are the lessons of experiences in Afghanistan?

MODERATOR
